We've thoroughly reviewed 4 Crowns Casino and gave it a Very low Safety Index, which means we don't consider it a safe casino to play at.

Please note that not all games available at this casino are necessarily fake, h

owever, it's a very serious issue nevertheless.

The revenue of a casino is an important factor, as bigger casinos shouldn't

have any issues paying out big wins, while smaller casinos could potentially st

ruggle if you manage to win really big.

The casino acts like it has a license, however, upon closer inspection we found

out it's either not valid anymore, or it redirects to a fake website that t

ries to imitate a license from a real licensing authority.

Because of these complaints, we've given this casino 15,152 black points in total.

You can find more information about all of the complaints and black points in t

he 'Safety Index explained' part of this review.

Because of this, we advise you to look for a casino with fair rules or at least

pay special attention to this casino's Terms and Conditions if you decide t

o play at it.

We've chosen to ignore them either because they're related to the casin

o's previous owner, or because some other applicable reasons.
