Baccarat can be played with just 1 player or all the way up to 14 players. At the beginning of the game, players place a bet on either the Player, Banker, or Tie space on the table.

Once every player has bet, 2 hands of 2 cards each are dealt on the table, one for Player and one for Banker.

Cards 2 through 9 are worth face value, tens and face cards are worth 0, and aces are worth 1.

Whoever scores closest to 9 wins.

If Player's hand wins, anyone who bet on the Player space wins the payout. Sometimes, a third card will be dealt.

If Banker's score is 0 to 2, they receive a third card.
