Along with solid knowledge and a very good strategy, players need to have a decent bankroll, discipline, and money management.

008% of your advantage.

This leads to a minuscule gain for the player, but still allows you to earn more from your soft 14.

In this sense, if the dealer's upcard is 2, 3, 4, 5, or 6, players' best

move is to double down provided that they play single-deck variants.

Hitting on soft 17 is advisable against dealer upcards 7 through ace as well.

Under no circumstances should you stand on soft 17, period.

Some misguided players, however, double on soft 17 against the dealer's 7.

H = Hit, Dh = Double if possible, otherwise hit

Literally all online casinos will offer a welcome bonus.

If they don't that's an automatic deal breaker.

The top casino sites won't just stick to a simple 100% match first deposit bonus.

They'll also throw in free spins (at least 30) plus they'll split it over your first three or four deposits.

Aside from the welcome bonus we also consider existing player online casino offers.

The best online casinos will also have a multi-tiered VIP program with cash rewards and exclusive offers.

The bonus policy is just as important as the actual offer.

We also want to see casino offers with wagering requirements of less than 30x your bonus.
