NFL point spreads level the competition between two teams, with oddsmakers setting a handicap in points.

San Francisco 49ers Kansas City Chiefs Over Under o53 (-110) u53 (-110)

That three-game parlay has odds of +600 or a potential payout of \$600, but because all three bets included must win, the implied probability of winning the parlay is just 14.

Most futures odds open for betting before the season starts and run until a decision is graded as the winner, constantly adjusting to results, injuries, and betting action.

From there, you can dive deep into our detailed matchup pages for each game, track line history, view the most popular spread and total picks, as well as analyze unique betting trends for every team.

From there, select the wager to add it to your bet card and enter the amount of money you wish to risk.

It's much easier for books and bettors to track stats, info, and breaking news on the NFL than keeping up with all those college teams.

Covers' expert NFL betting analysts have more than 25 years of experience making smart NFL picks from Week 1 kick-off to the final play of the Super Bowl.
