If the iconic YSL logo is replicated poorly on the faux bag, then it is the easiest

to tell whether the bag is fake or not.

The original letters are tilted on the side, while the fake ones seem to be pretty straight in comparison.

The letters are much larger and wider on the fake model and the spacing between one another is almost non-existent.

The hardware is always a very hard thing to replicate well, as it does not take much to make it look toy-like.
