But of course you should not try to get reviews at all costs. After all, Amazon

has very strict guidelines on product reviews and some activities are strictly prohibited. Amazon regularly checks reviews for violations of their guidelines.

Here are some examples of prohibited activities:

Offering a financial reward or discount in exchange for a review

Asking only for a positive review for example by inserting a card into the product packaging

Important Note Not all Sellers Stick to the Guidelines!

As it can be very hard and frustrating to find a way to increase the amount of customer reviews, many sellers are willing to break the rules. Very often you will

I hear about sellers who offer a refund via PayPal or other payment methods in return for a positive review. There are even platforms that offer this exact service.
